Congratulations ayelen !

While we understand that you applied and were reviewed for the fall semester, we are unable to make a seat available for the September 2017, fall class. We hope that you are able to join us in January 2018.

On behalf of the president and the board of trustees, I am delighted to offer you an acceptance to Berklee College of Music as a candidate for the Bachelor of Music Degree, January 2018, spring semester.

A new door has opened, and a new chapter begins in the pursuit of your life's passion. Your acceptance to Berklee College of Music is a privilege reserved for those we determine have what it takes: to be, rather than to seem to be.

Your experience at Berklee will be rich and filled with possibility. In preparation, I would like to share some traits that will be fundamental to your success in this challenging environment:

A pioneering spirit and boundless thirst for knowledge; willingness to explore new musical horizons; openness to the creativity around you; passion and focus; respect for your peers; and a professional attitude toward your work.

These are the qualities at the core of Berklee's success, the essence of who we are. They resonate with our community and are mirrored in our creative diversity.

We have identified that you are a candidate that has the potential to thrive in this community. We will challenge you. We expect that you will engage with us to your fullest.

We look forward to welcoming you to Berklee.

Yours in music,
